Hi Gary – Please do not trouble yourself with this. I can track down Merit’s submittal package for year 2017 or 2018 to use as an example.

Best regards,

Michelle Yalung

Morning Michelle,

Thanks for chatting this morning. Per our phone call, I owe you copies of the gas injector offset monthly monitoring data so you will have an idea of what previous submittals looked like. In looking through our database, the offset monitoring documents doesn't appear to be uploaded into our database. I will have to go into our office to scan the physical copy for you, but will not be able to do that until Tuesday. I'll follow up then to get that copy to you. Please let me know if you have any questions.
